Ever since it was founded, Club Med has created a unique and generous atmosphere for holidays that are nothing but pure enjoyment. Always improving, keeping its finger on the pulse of modern-day society, Club Med continues to innovate and to find exceptional sites all over the world.

The introduction of the 5th Luxury Spaces concept is one of the most important innovations for the 2010 season. Starting this winter, the first 5th Luxury Spaces will open in the 4th Resorts in Val d’Isère, Punta Cana, Ixtapa Pacific and Cancún Yucatán. These all-inclusive spaces are private and exclusive, but offer access to all of the 4th Resort’s facilities.

In addition, many Resorts have been renovated by prominent architects, achieving a balance between authenticity and striking contemporary design.

2009 is also a year of new premium Spa services, because holiday time is above all a time to relax and pamper yourself.

And there are a lot of new features in our Club Med Discovery tours, combining relaxation with culture and offering the privilege of taking off in small groups, or just among yourselves with the “Friends and Family” option.
The 5Luxury Spaces were developed to meet the specific needs and expectations of our high-income guests: exclusive luxury and personalised services, always offering choices, attentiveness, flexibility, calm and privacy, without sacrificing Club Med’s spirit.

Located within 4Resorts, these luxurious areas are reserved exclusively for the 5Luxury Space guests. They offer exclusive accommodations in the form of Family or Couples Suites, each with its private terrace, all the associated in-room conveniences and Concierge service, plus a private pool and/or private beach for the Sun sites, or a private terrace with a Jacuzzi for the Mountain sites.

These spaces have been created to enrich Club Med’s range of 5Luxury Resorts (Club Med 2, Marrakech Le Riad in Morocco, La Plantation d’Albion in Mauritius). They will also be installed in upcoming seasons in all new or renovated 4Resorts. The 4Taba Resort in Egypt, for example, will soon join the 5Luxury Spaces.

Since it began plying the oceans in 1992, the Club Med 2 has enriched its legend each season. Fulfilling the dream of the two men who first conceived of the craft in 1988—Le Havre-based shipowner Jean-Marc Poylo and Gilbert Trigano—this colossus of the seas combines the charm of yesteryear with technical sophistication. With a low draught that allows it to glide effortlessly from deep-water ports to remote untamed islands, it’s more like a sailboat than an ocean liner, slipping through passages that the other big ships cannot cross.

That’s what makes its unique cruises so unforgettable. For long-haul voyages the Club Med 2 knows no limits. It has set off from Easter Island, forged through the Southern waters, rounded Cape Horn and threaded its way through the canals of Patagonia to reach Ushuaia. It has been seen among the archipelagos of Polynesia, and all the way to Sydney, where it lent itself to an Yves Saint Laurent fashion show. Furthermore it has been a pioneer in opening up new ports of call, like Rovinj in Croatia in 2002, Kaunos and Kekova in Turkey, Saranda in Albania...
New Cruises for Summer and Winter.

Floating palace, the Club Med 2 sails under clear blue skies, drenched in glorious sunlight.

Starting in May the summer cruises cross the Mediterranean, visiting the historical gems and natural wonders of Greece, Turkey, Italy, Croatia, Libya and Egypt.

A great way to sample the many charms of this majestic vessel is to choose the mini-cruise option, for three to five days of sheltered, placid sailing along the French and Italian coasts.

In the winter months the Club Med 2 heads for tropical seas, to revel in the luxuriant vegetation and white sand beaches.
This winter there’s a new cruise on the schedule: “Turquoise Dream” from Venezuela to the Grenadine Islands.

Ship’s log...

28 MEDITERRANEAN CRUISES (70 ports including 12 undiscovered ones) and 22 Caribbean cruises (45 ports) – Excursions on your own or with a guide – Shuttles from ship to shore and back at any time of day – Late stops to allow after-dinner strolls in Dubrovnik, Mikonos, Saint Barts, San Juan… The new “Turquoise Dream” cruise from Venezuela to the Grenadine Islands.
The Club Med 2 was redesigned stem to stern in October 2008 in Italy for the greater comfort and pleasure of its clientele. Interior designer Sophie Jacqmin has created a new and elegant decor that plunges the guests into a fabulous realm inspired by the routes and navigation logs of the great explorers, full of intriguing references to Christopher Columbus, Magellan, Bougainville, La Pérouse… Her concept is expressed in map cabinets, bulkhead lamps, world globes, pulleys and ropes, embellishing every space from the reception desk to the cabins, bars and restaurants.

Natural colours, precious wood and saddlery adorn 10 spacious, refined Suites on D Deck. Opening onto the sea, awash in light that streams in through four portholes, they are decorated in a spare, sleek style. Comfort and convenience are the bywords in a space whose muted lighting accentuates the plush, private atmosphere. This is the very definition of seaborne luxury.

A ship like none other, THE CLUB MED 2 is a five-masted schooner that cuts a regal silhouette with its 187-metre hull. Its 8 decks are laid with 2,000 sq.m. of teak. Two swimming pools, two “Table Coup de Cœur” gourmet restaurants, four theme bars with a capacity of 372 passengers. Since November 2008, a new decor in the 186 cabins. 10 new Suites of 36 sq.m. The 40 sq.m. Shipowner’s Suite. 5 Deluxe cabins of 24 sq.m. 170 Club cabins of 18 sq.m.
TEN NEW SUITES.
In addition to premium comfort, these Suites offer unique 5th service: personalised reception, champagne upon arrival, high-tech equipment (plasma screen TV, stereo system, MP3 player).

THE PLEASURE OF FINE DINING.
Our talented, dedicated chefs make each meal an enchanting experience for the guests of the Magellan and Méditerranée. These “Table Coup de Cœur” restaurants offer personalised service with an array of French and exotic dishes. And the wine captain stands by to help diners navigate a wine list brimming with prestigious vintages.

THE CLUB MED 2 is manned by a crew of 200 in all, including a team of friendly, helpful G.Os who are always on hand. Bar service and snacks are available during the day and in the evening. Tea time is at 4:30 every afternoon at the Moby Dick bar. Champagne from 6:00 pm.
A SPA BY CARITA.
On F Deck, the entirely refurbished Spa offers à la carte well-being, in particular with the Carita signature treatment “Spa Moments.” The Spa Club Med 2 by Carita administers a range of treatments based on the theme of the pearl in a sumptuous space equipped with five cabins, including a double cabin for couples.

SOPHIE JACQMIN, DESIGNER OF THE CLUB MED 2:
“... For countless centuries the sea has been a source of fascination for writers, poets, lone sailors, excursionists and explorers. All have dipped their pen into the ink of the sea, and in turn they provided the inspiration for the new decor of the Club Med 2. The cabins are inspired by the theme of travellers’ diaries and correspondence. Envelopes, stamps and seals characterise a private world infused with a sense of peaceful well-being.”

A “NAUTICAL HALL” sport centre offers, when the ship is at anchor, all the equipment needed for waterskiing, wakeboarding, windsurfing and snorkelling. The ship also has 2 new saunas, a hammam steam bath and a Club Med Gym fitness space.
