Les Arcs Panorama, Club Med's new mountain flagship resort in the French Alps

On December 16, Club Med will open its new mountain resort in France's Savoie region: Les Arcs Panorama. After the opening of Val Thorens Sensations in 2014 and Grand Massif Samoens-Morillon in 2017, Club Med is once again strengthening its unique position as the world leader in all-inclusive, premium ski holidays in the Alps.

With the opening of the new Club Med Les Arcs Panorama on next 16 December, Club Med confirms its ambition to open one new resort per year in the Alps.

With almost 20 resorts located in the most beautiful ski resorts in the Alps (France, Italy and Switzerland), the opening of this new resort strengthens Club Med's position as the world leader in all-inclusive premium holidays in the mountains, in winter and summer.

Club Med Les Arcs Panorama is part of this new generation of resorts that meets the needs of French and international clients.

Club Med Les Arcs Panorama is located in the family ski station of Arc 1600 (France's Savoie region) in the Paradiski ski domain, which is the second-largest in France.

It will be open in winter and summer alike to take advantage of all that the mountain has to offer. A multitude of activities, included in All-Inclusive package and "on demand", promise an unforgettable mountaintop trip to experience with family, as a couple, or with friends.

This premium (4 Tridents) resort was conceived to perfectly blend into the landscape of pine and spruce forests. It also offers an Exclusive Collection (5 Tridents) space called *Le Belvédère* for a more intimate and personalized stay.

Club Med Les Arcs Panorama is named for the extraordinary panoramic views from its terraces, common spaces and guest rooms onto the Tarentaise Valley and the surrounding mountain peaks, including the world-famous Mont Blanc.

With premium All-Inclusive package, a ski trip with Club Med is limitless: comfortable guest rooms, gourmet cuisine and drinks, ski pass & lessons by ESF professionals (the French Ski School), after-skiing activities like fitness classes or the indoor pool. Guests can enjoy their mountain holidays without worrying about the details.
